jQuery
PHP/Apache
Terminal/cmd/bash
Adobe XD
Windows/Linux

Summary

- Experience productively collaborating with account managers, graphic designers, and developers in implementing custom front-end/back-end solutions for clients and end users.
- Frequently styled, built, or enhanced front-end components (e.g. layouts, menus, cards, accordions, sliders) in Sass, JavaScript, jQuery, and React.
- Regular use of relational databases (MySQL) and experience writing numerous custom SQL queries, as well as university experience in diagramming and normalization.
- Experience working with Linux servers (e.g. Apache configuration, tailing logs, modifying ownership/permissions, search and replace operations, updating certificates).
- Developed solutions for numerous WordPress websites/applications of varying size and complexity, including extensive work on child themes and custom themes.
- Significant experience with object-oriented programming in PHP and experience working with software design patterns (e.g. Singleton, Builder, Factory).
- Development experience working with APIs (e.g. Web APIs, WordPress APIs) and JSON data, with a marked ability to organize and assimilate data clearly and purposefully.
- Accustomed to agile workflows (e.g. SCRUM, iterative development, changing requirements), including experience within an environment using CI/CD practices.

Education

- 2019 – 2021 **GrDip, Computer Science**, *Concordia University*, Montreal, QC
- 2006 – 2011 **B.A., Major in Philosophy, Minor in English**, *Vancouver Island University*, Nanaimo, BC with Distinction
- 2017 **Intensive French Language Program**, *McGill University School of Continuing Studies*, Montreal, QC
Levels 1 and 2 completed. This was followed by several months of study with the *Commission scolaire de Montréal*, where I completed levels 4, 5, 6, and 7A.
